Tom;

I have enjoyed going to
school with you these two
past years. I'm looking forward
being with you next year.
I will never forget the fun
we have had together in
General Business. I wish you
all the luck and happiness in
the world.

Your Pal
S. L.

Dear Tom,

I want to tell you what a swell boy you are, and how much I do like you. We have had some fine time together even though it was a long time ago. I hope you remember all the times when we used to walk home after football games. We'd stop at my house and sit and talk half the night. (You, Howard, Bob, Bobby H. & me).

I sure have enjoyed going to school with you and I know we'll have fun in the years to come. Remember if you ever need a friend, I'm here.

Love always,
Clara Siegler

Thomas, I
have enjoyed being
in school with you
for the past years and
I just love to live across
the street from you.
Love always.

THE 1952 WAG

YEARBOOK
OF
GRAHAM HIGH SCHOOL

GRAHAM, NORTH CAROLINA

Dedication

To one who has given service to our school, who has consistently been a friend and advisor to each student and who has worked toward the improvement of THE WAG, we, with sincere appreciation, dedicate this yearbook to Mrs. Vance H. Latta.

Principals

MR. N. G. BRYAN

Mr. N. G. Bryan until recently was principal of the Graham High School, but he now is principal of the Graham School District. The students have benefited from the many clubs and activities which he has helped organize. In the last few years Mr. Bryan has been deeply interested in seeing that our new high school was planned and completed. The student body is appreciative of his genuine interest and able guidance.

MR. C. R. BENSON

Since we have entered our new Graham High School, Mr. C. R. Benson has served as our principal. His leadership and guidance have helped us in many ways. Even though he has many responsibilities as administrator, he also finds time to serve as a twelfth grade English teacher, advisor for the school paper, and basketball coach. The students of Graham High appreciate his help and interest in them.

School Board

Graham High School is greatly indebted to the members of the school board, who have taken such a great interest in helping to provide a new school for the students. The members are Rev. Eugene Hancock, Mr. Hal Farrell, Dr. W. C. Goley, Mr. Myron Rhyne, and Mr. Griffin McClure.

The most important thing in the world is the care of the school. Let me tell you, the advice, too. The school days are the happiest years of childhood every manly man has ever had. I want to wish you all success for I can't wait to see you again.

Class History

A really excited crowd of children gathered for their first day of school in September 1940. Here we met the students that would be our classmates throughout our twelve years of school.

The first grade passed so quickly that it seemed as if we had always been used to being with other children.

In the second and third grade we learned many of the things upon which our whole school career would be built. Reading became something we could do for ourselves, rather than something we had to have done for us. The sums we learned helped us much in our later struggles with algebra and geometry.

By the time we got to the fourth and fifth grades we really knew what school was like and wondered why we were so excited about going to school. However, we still enjoyed it, even if we hated to admit it.

When we reached the sixth grade, we began to enjoy learning about why the earth is round and about the habits and customs of those handy Scotch-Irish from whom most of us descended.

In the seventh and eighth grades we began to grow up and look forward to being in high school. We were even up stairs with high school and this made us feel "big."

At our eighth grade party we had to put on our party dresses for the first time since our birthday parties began. This we all enjoyed and began to look forward to bigger parties.

At last we were in high school! One of the biggest moments of our school years! Sometimes the upperclassmen provoked us by kidding us about being "green freshmen," but that was all right; we were at last freshmen.

In our sophomore year we had gotten used to high school and all its problems. This was one of our hardest years, but we managed to get through everything, even biology.

During our junior year we found out we were "salesmen". Those magazines just had to be sold so we could give our seniors a big Junior Senior. The Junior Senior proved to be a tremendous success. We put on our formalis and off we went to one of the grandest events of our year. It was marvelous to see ourselves glamorous in our beautiful evening dresses and well groomed in our white dinner jackets.

At long last we are seniors and we feel very pleased with ourselves when everyone stands up in Chapel for us to march in. It certainly is wonderful to think we will be the first graduating class from the new school. The new building is all we could desire as a happy ending for our school career.

We still have many things to look forward to as this is written. In April we will take our Washington trip. We are expecting to enjoy seeing the sights of our nation's capital. After we return, there will be the Junior Senior to anticipate where we will be honored guests. Then comes the big day, commencement. After then our high school days will be over, but we will never forget the wonderful school days at "Dear Old Graham High."

Alice Crow is helping her husband run the Boxcar Railroad Company.

Congressman Bill Drummond has just passed the Zuzall-Tillibonee tax bill, which relieves Josphine Davis of paying income tax. She didn't know how to fill out a report.

Mary E. McClure is not married yet, but she is waiting for bashful George Phillips to pop that vital question.

Portrait artist, Billy Harden has his own version of "Whistler's Mother", with Pat Jones posing.

Wealthy Peggy Griffith will soon wed Berkley Stutts, former 5th Avenue pauper.

Margaret Russell and Jackie Hunter are in the Wacs, while Glenda Hancock is in the Waves. They want to be with their husbands.

Working for the Emptier Brush Company are Bascom Moore and his sell-mates, Bobby Chandler, Howard Hodgin and Douglas Smith.

James Bradshaw, governor of North Carolina, has been vacationing in Florida for the past two years (very characteristic of his administration).

It is believed that Judy Longest is in an orchestra. The other day someone remarked that she was playing second fiddle.

Nina Boswell, world-known comedienne is entertaining soldiers the world over.

Gena King, Annie Lou Pugh, Ruth Ratliff, Patsy Flanigan and Jean Ivey were given tickets for "wreckless" driving. They must have taken lessons from Jimmy Glenn, dare-devil driver.

Carol G. Seamon is now a Powers model in New York.

Lucinda Lanning is a fashion designer for M. G. M. Picture Producers.

Bobby Jones, Bobby McQueen, Jerry Jeffreys, and Jimmy Tutterow were offered scholarships to Duke, but they turned them down because they wanted to go to college.
